

Mission Interiors

EASi- Raft – Flexible new pre-fabricated modular raft system
EASi-Raft offers cost-efficiencies and a real alternative to conventional solutions.

EASi-Raft can be used in an almost unlimited range of designs. The lightweight units can be fitted retrospectively without affecting ceiling integrity and with customers benefitting from anything up to an 80 percent reduction in installation times. Units are also re-useable ensuring product longevity.

Providing clients, installers,
designers and architects with a unique, flexible and cost effective solution for indoor
suspended structures.

- Provides an unlimited range of complex shapes and designs
- Pre-fabricated for quick installation
- Pre-finished
- Optional integrated lighting
- Dramatic cost reduction and installation time
- Quality assured manufacturing environment
- Lightweight construction allowing for larger structures
- Sustainable, reusable and recyclable

The EASi-Raft Concept

The EASi-Raft modular lighting raft system is designed around a simplified core set of primitive shapes and modules. When combined, these core shapes provide an extremely innovative and flexible method of construction capable of delivering ceiling rafts in an unlimited number of designs.

All EASi-Raft module dimensions are designed to conform with standard suspended ceiling grids and are capable of receiving standard and non-standard light fittings.

EASi-Raft Key Features

- Pre-fabricated modular sections
- 2 coats water based paint as standard
- A full range of finishes can be applied
- Installation is up to 80% quicker
- Significantly lighter than traditional methods
- Completely demountable and re-useable
- Capital expenditure efficient

EASi-Raft Modules are available in square or rectangular modules.....

Used as the heart of many geometric light raft designs, the EASi-Raft Square is available in 1200mm, 600mm and 300mm form factors and standard depths from 50mm to 200mm.

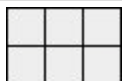

Each Square comes supplied pre-finished with 4 adjustable mounting points designed to ease handling and installation.

When combined with our Quadrant module, even simple, parallel designs take on a more organic look and provide a softer, more elegant appearance.

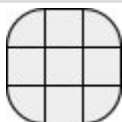

Example Designs

3600x2400x50mm Rectangular Raft (80.4Kg)

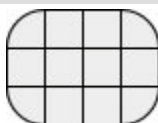

qty	Code	Dimensions	Weight
6	S1212/50	1200mm x 1200mm x 50mm Square	13.40Kg

3600x3600x50mm Rounded Square Raft (123.8Kg)

qty	Code	Dimensions	Weight
5	S1212/50	1200mm x 1200mm x 50mm Square	13.40Kg
4	R1212/50	1200mm x 1200mm x 50mm Quadrant	14.20Kg

4800x3600x50mm Rounded Rectangle Raft (164Kg)

qty	Code	Dimensions	Weight
8	S1212/50	1200mm x 1200mm x 50mm Square	13.40Kg
4	R1212/50	1200mm x 1200mm x 50mm Quadrant	14.20Kg

Code	Dimensions (mm)	Weight
S0303/50	300x300x50	1.50Kg
S0303/100	300x300x100	2.40Kg
S0303/150	300x300x150	3.20Kg
S0303/200	300x300x200	4.10Kg

Code	Dimensions (mm)	Weight
S0606/50	600x600x50	4.20Kg
S0606/100	600x600x100	6.00Kg
S0606/150	600x600x150	7.70Kg
S0606/200	600x600x200	9.40Kg

Code	Dimensions (mm)	Weight
S1212/50	1200x1200x50	13.40Kg
S1212/100	1200x1200x100	20.00Kg
S1212/150	1200x1200x150	23.50Kg
S1212/200	1200x1200x200	26.90Kg
